

**Dear API California Coastal Chapter Members,**

Thank you for your continued support! Your contributions enable us to strengthen our community, connect industry professionals through networking events, and fund scholarships for future generations. In 2024 alone, we awarded over **\$30,000 in scholarships**—a testament to the impact of our collective efforts!

As we move into 2025, we have an exciting lineup of events, including **golf tournaments, casino night, trap shoot, and a holiday dance**, along with our **monthly BBQs at OST Park**. These gatherings provide valuable opportunities to network, support our industry, and fundraise for scholarships.

Now is the time to **renew your membership!** As a member, you'll stay informed about all upcoming events while directly contributing to our scholarship fund. Scholarships are available to any child sponsored by an API member, even those outside the energy industry.

California has a rich history of energy production and a promising future ahead. By coming together, we can continue making a lasting impact. **Join us in strengthening our industry, supporting our youth, and restoring our state's legacy in energy production.**

Looking forward to another great year with you all!

**Best regards,**  
Drake House  
2025 Chairman  
API California Coastal Chapter
